## 2. Requirements

Hardware:

- A MSX-compatible computer (MSX, MSX2, MSX2+ or MSX Turbo-R)
- 16K of base RAM
- 16K of VRAM

Also can be used with an emulator:

- BlueMSX v2.8.2, available at <http://www.bluemsx.com/>
- Meisei v1.3.2, available at <http://tsk-tsk.net/>

Over MSX2 the game shows some screen enhancements.

## 3. The game

---

Merciless aliens are overrunning a small planet, they took by surprise to all the army. Now the last remaining defense is the Mecha Research's Lab and its unique two mechas, but them are the most powerful!

Go ahead and guide Tricia Thunder on board Mecha-8 to gain again the freedom!.

Use cursor keys and SPACE to shoot or use joystick 1 with primary button. Launch your devastation attack using 'M' key or joystick secondary button, you'll need to fill gauge for this weapon.

Collect capsules containing energy, power-ups and extra speed.

Keys while game runs:

- F1 - Pause, press again to get out from pause
- F2 - Toggle sound/music.

Keys while story appears:

- Fire - Accelerates text speed.

Wait in title screen to see background game information.

# 4. Distribution

---

MECHA EIGHT is freeware and can be distributed freely as long as:

- It is not modified
- This file is included in the archive
- It is not part of a commercial product

For other types of distribution please contact me through my site <http://nanochess.110mb.com/>

Do you want to have source code for this game?, I can release it in my site if someone collects a nice sum to pay for it, I'm open to offers.

If you liked this game, please support my MSX hobby buying other games developed by myself:

- *Zombie Near*, available for free at MSXdev'10 archives (3 maps) or as a very much enhanced version in cartridge from Matra/Bitwise (4 maps). *Survival horror, you're in zombie infested laboratories, find keys, rescue scientists and defeat bosses to escape*

*from hell. Supports two simultaneous players, play as rude boy Delta-1 or cute girl Delta-2.*

- Princess Quest, only available in cartridge from Matra/Bitwise.

*Go in a quest for a princess through five different worlds filled with surprises, an epic smooth pixel-scrolling game with double parallax layer and a great musical background.*
